THE WAR NEWS.

The Northern papers have no military news, except vague and uncertain rumers.

With the army of the Peternae all is reported quiet, and the situation of affairs unchanged. In Tennesuce nething is said to be going on. falled to lay to heart, says the Richmond En- Advises from Knoxville represent everything aminer. Picket post after picket post has been quiet in that direction. Longstreet is said to susprised or evaded, and instead of inflicting have returned to Ball gap, where it is supposed to will winter, or probably move down into North Gerelina. The situation at Chattanooga remains unchanged.

There is nothing from Charleston except the sterootyped phraso, "the siege is progressing." The cold weather seems to have put a quietna on military enerations.

read the resolutions which he had submitted. They were published a few days sines] Mr. Brown then proceeded to consider the constitutional objection which the opponents of these measures may arga. He had this setthe war-making power to the control of the Government, they gave every incidental newer to make the main power effective. The frames of the Constitution were fully vindicated rem the absordity of getting as into a war and

then trammeling us so that we could not conduct it successfully. He first proposed to strongthen the army b declaring every white male person residing in the Confederate States, and capable of bearing arms, to be in the military service. He po nesed to take all, without reference to age or occupation; is make but one inquiry: " Is he Jew or Gantile, Christian or infidel, if he is eapable of bearing arms, be should be put into been prepared to reap. If the whole military power of this Confederacy had been at Manus-

We wasted the first year of the war by keeping handfults of men in the army. We wanted the second year of the war by only consaripting those between the ages of eighteen and thirty-tive. We stand to-day with an army too weak to roap when the barvest is roady for the sickle.
Small we go on blandering to the end of the abopter, or concentrate our military strongth and harl it like an avalanche against the enemy? Is it not keiter to make short, speedy work of the whole matter? Coase this system of kill-ing off your atmics by detail. What rivers of blood have been eaused to flow by the fatal orfor that we were to have a short and alsap wer. We now see the necessity of emitrging the army, and shall we not say to men of overy

arms, you must do it". He would include the President, members of Congress and governors of States in this call. Talk not of "invading preparving the rights of a State is to defend the amend that perilon of the tax act relative to State from a ruthless enemy. Better invade the besting citizens, than dispute over constitutional quibbles while the Yankso army wrests the whole State from your possession. Mr. B said he was not manware that provis-ions must be groduced. The army and the people at home must be fed and elethed, muni-

tions of war must be made, etc. But when you

have taken every man espable of bearing arms, how many would be left out to take charge of

dreds of thousands, and if they are not sufficient

profession, "if you are capable of taking an

carry on the necessary home pursuits, his senth proposition provided for the detail of such persons as will be "absolutely needed in civil every able-bodied man in the army. He also proposed to repeal all laws granting examptions and allowing substitutes, and he would take covasion to express his thanks to the Hones of Representatives for making a clean sweep of the substitute law, which had

sown the seeds of discord and dissession from the Petersac to the Rie Grando. He was fer putting in the army these substitute gentlemen, who were strutting about the country in begrowed plumage, knowing no more about satting a squadron in the field than

Next to the substitute law, the exemption law has given more distatisfaction than any other measure of Congress. What croseds the saloens, hotels and theaters like boxes of red herrings, and fills all the avenues of travel with men capable of Scaring arms! Why is it that the streets of Richmond are crowded with athletic by our enemies as notice to the world that its Mr Ogden, who seemed to be aware of it. How young men! Why is it so all over the Confed-adherents consider affairs in so desporate a pe-

ment the substitute in the same and the substitute in the same and the substitute of the same and same an My command has marabed, ellused, alld and the last session of Congress things have take every time a little deabt as to power is the Chessacian in the fog and and a barge. Sib instant.
